Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)
(Applications filed on or after May 29, 2000)

The Office has discontinued providing a Patent Term Adjustment (PTA) calculation with the Notice of Allowance.

Section 1(h)(2) of the AIA Technical Corrections Act amended 35 U.S.C. 154(b)(3)(B)(i) to eliminate the requirement that the Office provide a patent term adjustment determination with the notice of allowance. See Revisions to Patent Term Adjustment, 78 Fed. Reg. 19416, 19417 (Apr. 1, 2013). Therefore, the Office is no longer providing an initial patent term adjustment determination with the notice of allowance. The Office will continue to provide a patent term adjustment determination with the Issue Notification Letter that is mailed to applicant approximately three weeks prior to the issue date of the patent, and will include the patent term adjustment on the patent. Any request for reconsideration of the patent term adjustment determination (or reinstatement of patent term adjustment) should follow the process outlined in 37 CFR 1.705.

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (571)-272-7702. Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at 1-(888)-786-0101 or (571)-272-4200.

OMB Clearance and PRA Burden Statement for PTOL-85 Part B

The Paperwork Reduction Act (PRA) of 1995 requires Federal agencies to obtain Office of Management and Budget approval before requesting most types of information from the public. When OMB approves an agency request to collect information from the public, OMB (i) provides a valid OMB Control Number and expiration date for the agency to display on the instrument that will be used to collect the information and (ii) requires the agency to inform the public about the OMB Control Number's legal significance in accordance with 5 CFR 1320.5(b).

The information collected by PTOL-85 Part B is required by 37 CFR 1.311. The information is required to obtain or retain a benefit by the public which is to file (and by the USPTO to process) an application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.14. This collection is estimated to take 30 minutes to complete, including gathering, preparing, and submitting the completed application form to the USPTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Box 1450, Alexandria, Virginia 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450. Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

DETAILED ACTION

Notice of Pre-AIA or AIA Status

The present application, filed on or after March 16, 2013, is being examined under the first inventor to file provisions of the AIA.

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 15, 2021 has been entered.

Hence, this Office Action responds to the amendment and argument filed by applicant on December 15, 2021 in response to the Office Action mailed on October 15, 2021.

Status of the Claims

- Claims 1-14 and 17 are pending.
- Claims 1, 6-7, 9-11 and 14 are currently amended.

Allowance

Claims 1-14 and 17 are allowed. Applicant's amendment and argument filed on December 15, 2022 are considered and they are persuasive.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of these claims is the inclusion of the limitation of claim 1 of analyzing the generated radon concentration pattern to determine a periodic behavior pattern of the user, and calculating a cost for radon monitoring service provided to a terminal of the user on the basis of the determined periodic behavior pattern of the user and the user information and then charging the user for the radon monitoring service, the periodic behavior pattern of the user meaning a pattern for user's ventilation actions to reduce the radon concentration value of the radon gas present in the indoor space, wherein the cloud server analyzes the generated radon concentration pattern, detects within a predetermined period of time a plurality of time points when the radon concentration value decreases rapidly and determines that a respective ventilation action has occurred at each of the plurality of time points, wherein the cloud server calculates the cost for the radon monitoring service provided to the terminal of the user based on a number of occurrences of the ventilation action during the predetermined period of time to charge the user for the radon monitoring service; and wherein the greater the number of occurrences of the ventilation action determined by the cloud server for the predetermined period of time, the less the cloud server sets the cost for the radon monitoring service provided to the user, which is not found in the prior art of records. The other independent claims contain similar subject matter and the dependent claims are also allowable based on their dependence on the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
